Subject: Itinerary

Good Morning Liane and Sarah,

I heard back from the EPA Regional office on the planned itinerary.

Here's what we'd like to do:

10:30 – Availability with the local officials at the County Commissioners office

11:00 Water Treatment tour – this time may need to be soft depending on how the conversation is going with the local officials. Butch said a person from the Water Treatment Plan will be present. That would be good.

12:00 - visit the river – Is there someone that could provide us with a few good locations to visit?

2:00 Press Event – location TBD.

We are hearing as you may be as well that Congressional staff are interested in coming. Who all would receive the invite to the 10:30? Sarah would it be those folks that were on the sign in sheet from the other day? I want to be sure we invite the local officials here in Durango and Silverton.

Thanks, Libby
